#### Sedges & Kyllinga

#### Annual Bluegrass

N/A

Always read and follow label directions. Please visit [pbigordonturf.com](http://pbigordonturf.com) for more information or to download a full label.

\*Apply SpeedZone EW if dandelion, spurge, or clover are the target weeds.

\*\*Apply TZone if ground ivy or wild violet are the target weeds. Only apply TZone to dormant warm-season turf.

\*\*\*For annual bluegrass and broadleaf weed control in bermudagrass and zoysiagrass.

Avoid applications of Katana during transition into or out of dormancy.

†TZone and Surge offer improved cool-weather performance for broadleaf weed control in the spring and fall.

‡Apply two applications of SpeedZone EW 30 days apart for goosegrass control.

Katana® is a registered trademark of Ishihara Sangyo Kaisha, Ltd.

Arkon™ and TZone™ are trademarks, and Q4®, SpeedZone®, and Surge® are registered trademarks of PBI-Gordon Corp. 9/24 702992

Products in this program should not be tank-mixed; if additional control is needed, a follow-up application of another recommended product may be made at least 30 days after initial treatment.
